## Predictions On The Basis of Planet Positions

### Ascendent Result

Your Ascendant is Capricorn. Your Ascendant-lord is Saturn, which is the super-benefic planet in your chart. For being the lord of an angle and a trine both, Venus happens to be the 'yoga-karaka' planet in your chart and is a benefit-giving planet for you.

By virtue of being born in Capricorn Ascendant, you will be a very strict disciplinarian and will engage yourself in your work with sincere efforts. You will be endowed with many desirable qualities : strong and firm mental power, thoughtfulness, reverence towards the accepted principles, gravity, seriousness, etc. Any work done by you will be found to be perfect in every respect and your this quality will assist you to win many admirers. Even during tender age-periods, your thoughts and actions will give the impression of a mature adult personality. For fulfilling your ambitions, you will reach your goal by working hard steadily and constantly; you are sure to reach a higher station in life. You will strongly resent criticisms of any sort to the beliefs, opinions or values for which you have reverence in your mind, even if those come from your near ones. ### Result for Planets in Signs

Unless the sign-lord Saturn is strong and well-placed in your horoscope, during sometime in your life you may suffer from serious health-affection as a result of vitiation of all three humours and reach a state of delirium. So, you should take more care of your health. You will be a modest person, just and honourable in principles, have a fair temper and will win friends by agreeable manners. But during sometime in your life, you may suffer from financial problems and might become worried on account of your spouse or children.

#### Mercury

In your chart, Mercury is placed in sign Capricorn. Unless the sign-lord Saturn is well disposed, you may have a suspicious nature and ill temper; you might become unfortunate to self and disagreeable to others. You may acquire a cunning nature and perverse disposition, make friends with mean people and become addicted to bad habits. You will travel a lot and will have many sudden changes in life. Although you will receive favours and benefits from the authorities, you might be distressed on account of inimical actions of jealous persons.

### **Mars**

In your chart, Mars is placed in sign Capricorn. Here, Mars becomes exalted; so you will be highly fortunate -- more so, if your Ascendant happens to be Capricorn or Aries or Cancer or Libra, as it will give rise to 'Ruchaka yoga'. If the Moon is in Capricorn, 'Chandra-Mangala yoga' will be generated, which will give you wealth and material possessions. You are least likely to face accidental mishaps and won't have to undergo any major surgical treatment, unless Mars is retrograde or afflicted. However, if your Ascendant is Gemini, during sometime in your life, you may have a hair-breadth escape.

### **Jupiter**

In your chart, Jupiter is placed in sign Cancer. As benefic Jupiter becomes exalted here, it will give you a confident nature but you may tend to be loquacious since you will be apt to be involved with other people's concerns. Although you may not be very courageous, you will be wise enough to express and exert yourself in a prudent manner. You will befriend the authorities and gain lot of benefits, gather wealth in abundance, become a respectable person in society and your fame will be widespread.

### **Saturn**

In your chart, Saturn is placed in sign Leo. If the Sun is not well-placed, you may face numerous difficulties through diseases and strife through spouse, progeny or kinsfolk. Your servants or employees may become inimically disposed and cause you troubles. Although you will be generous and have a tolerably good disposition, you may not be very valiant or courageous when put to test. You may suffer from cramps or eye diseases and may get entangled in frequent quarrels or a long-drawn law-suit.

### **Moon**

The Moon is situated in sign Taurus in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Vrisha. Your mental qualities and certain other characteristics will be governed by this feminine, earthy, fruitful and fixed sign and, to some extent, by its sign-lord Venus.

Moon in sign Taurus is a very beneficial and fortunate position in many respects in general; however, you may suffer from windy and phlegmatic disorders and may have disagreements with your relatives. On the bright side, you may settle in a foreign country or a distant inland place and attain preferment according to your station in life. You will have good gains, have costly acquisitions, gain esteem and will be respected in society. You are likely to be fond of but subdued by the

members of the opposite sex.

### Rahu

In your chart, Rahu is placed in sign Leo. If the Sun is well-placed, it will give you an impressive appearance and will bring in many benefits from the authorities or govt. sources. If Mercury or Venus or Mars is in own-house, it will make you fortunate and happy. However, if your Ascendant is Aquarius, the health of your spouse might cause you some concern. If Rahu is situated in Magha star (while Ketu is situated in Shatabhisha star), you might remain prone to suffer resulting from accidental mishaps.

### Ketu

In your chart, Ketu is placed in sign Aquarius. If Saturn is well-placed, it will give you an impressive appearance and will bring in many benefits from the authorities. If Mercury or Venus or Mars is in own-house, it will make you fortunate and happy. However, if your Ascendant is Aquarius, and the Sun is not associated with or aspected by any benefic planet, then the health of your spouse might cause you some concern; besides, you may have some distinct differences with your spouse. If Ketu is situated in Shatabhisha star (while Rahu is situated in Magha star), you might remain prone to face accidental mishaps.

### Uranus

In your chart, Uranus is placed in sign Libra. You will be a romantic person at heart, still you will have the uncanny ability to retain a perfect balance between your thought and action. You will be able to propel people towards you almost magnetically and form ties or associations very quickly; yet you may soon lose your interest to retain the relationships, as you will be interested in forming newer ones. You will have fun outdoors; but while at home, the grass will appear to be greener on the neighbour's side.

### Neptune

In your chart, Neptune is placed in sign Scorpio. If Neptune is associated with or aspected by Jupiter or Venus, then your psychic capacity might be more accentuated and you may possess the ability of divination and foretelling. If Neptune is afflicted by malefic planet(s), then you may have coarse features with your sensuous side intensified. You may become jealous and may have a nasty temper.

### Pluto

In your chart, Pluto is placed in sign Virgo. It tends to make the body slim, but keeps it fit and fine. If Mercury is well-placed or if Jupiter or Venus is associated with or aspects Pluto, then it will give you an exalted view of self-importance. But if Mars or Saturn is in square or conjunction with Pluto, then it will give you a bullying tendency of hurting them who disagrees with your views or attitude.

## Prediction On The Basis of Bhavas

### Ascendant Lord

In your chart, the Ascendant-lord is situated in the eighth house, which is called the house of longevity (Ayus). Besides, it governs over inheritance and, in case of female natives, it rules over 'mangalya' or well-being in marriage. If this house bears any affliction, then the results obtained from this house are : darkness, dirt, impurity, obstacles, scandal, insult, defeat, etc. If modifying influences are not present in your chart, then you may have to face some problems from one or more such sources. If your Ascendant is Aries, Libra or Sagittarius, then you will be fortunate in respect of the 8th house affairs as your Ascendant-lord will be in own house or exalted, will give rise to auspicious yoga and will make you fortunate in respect of inheritance and also for receiving big sums as loans from financial institutions. Otherwise, this is not a very beneficial position; if Mars or Ketu is also situated in the 8th with the Ascendant-lord, then possibility of facing accidental mishaps, undergoing surgical treatment or facing problems owing to the actions of ruffian people are feared. You should try to avoid law-suits at all costs. If a natural benefic planet is situated in or is aspecting this house, then the position becomes much improved.

### Lord of 2nd House

In your chart, the second-lord is situated in the eighth house, which is called the house of longevity (Ayus). This is a good position as the 2nd-lord aspects it's own house and thereby ensures good inflow of earnings; this position also favours 'application-oriented' education and it may make you an entrepreneur. You will be fortunate in respect of inheritance, receiving dowries or gains from marriage-relations or from business-partners, in respect of your profession and earnings, gains from insurance sources and also in respect of receiving large sums as loans from financial institutions for investment purposes. However, this position may give changes in profession which may occur quite suddenly and abruptly. Besides, you may have to face blockage of funds during some time in your life, probably resulting from some law-suit and your relationship with some of your relatives might be affected. If a natural malefic planet is also situated with your 2nd-lord or aspects it, then you may incur big losses owing to unwise speculative investments -- this is more so if the malefic planet is either Rahu or Saturn.

### Lord of 3rd House

In your chart, the third-lord is situated in the seventh house, which is called the house of spouse (Kalatra). You are likely to have a highly passionate nature and may have a deep-seated desire for the company of the members of the opposite sex. Your spouse may hail from the house of a relative of your relative or from your acquaintances residing in your neighbourhood. If a natural benefic planet is situated in the 7th house or aspects it, then your younger co-borns will be very helpful to you; if in addition, the 7th-lord is also well-placed, then you may run a partnership business with your younger co-born(s) or with an acquaintance residing in your neighbourhood. If a natural benefic planet is situated in the 3rd house or

aspects it, then you may be in printing business and may own a Press. But if natural malefic planet is situated in the 7th house or aspects it, then your younger co-borns may not be helpful to you; if in addition, the 7th-lord is also ill-placed, then you may have quarrels with your partner(s) and face much of opposition from your cousins or neighbours. If your Ascendant is Capricorn, then the 3rd-lord Jupiter exalted in the 7th and aspecting the Ascendant, the 3rd house and the 11th house will make you very rich.

### Lord of 4th House

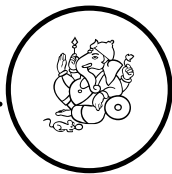

In your chart, the fourth-lord is situated in the Ascendant, which is called the house of body (Tanu). This is a favourable position for the 4th-lord and you will be fortunate in many respects. You will have active habits, receive good education, have peace of mind, enjoy happiness in your home and secure a comfortable position in your birth-place/ home-town; you may not have much of interest for going to distant places. If your Ascendant is either Libra or Capricorn, then you will be exceedingly fortunate as the exalted 4th-lord situated in the Ascendant will bestow on you all-round prosperity; your wealth and material possessions will increase. This position will make you fond of pet animals and you will enjoy spending more time at your residence; you might be more closely drawn to your mother. If the 4th-lord or Venus is well-placed, then you will have attractive vehicles and will greatly enjoy the pleasure of driving. As the 4th house happens to be the 10th from your 7th, the 4th-lord aspecting the 7th ensures that your spouse will be very successful in his/ her line of profession; he/ she might be a professional person or may successfully run a brisk business. If your Ascendant is Gemini or Virgo or Sagittarius or Pisces, then the 4th-lord by virtue of possessing 'Dik-Bala' or directional strength will make you happy and prosperous.

### Lord of 5th House

In your chart, the fifth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). If your Ascendant is Virgo, you will be highly fortunate since your 5th-lord will be the 6th-lord too and for being situated in the 12th, as 'Veepareeta Raja Yoga' will be generated, you will enjoy favourable results in many respects. Otherwise, this is not a favourable position. If Mercury is also ill-placed, you may lose your discretion; if Jupiter is ill-placed, you may not be able to secure a lucrative position and may become worried or unhappy on account of your children -- more so if a natural malefic planet is situated in the 5th house or aspects it, in which case you may have difficult child-birth. You should refrain from all sorts of speculations and investments as losses are feared -- more so if the 12th-lord is also ill-placed. You may not have much of fortune in or from distant inland places and/ or foreign countries, which you should also keep in your mind. If Venus is not well-placed, then taking plunge into adventurous love-affairs could spell ruin to you; if a natural malefic planet influences either the 5th house or the 12th house by association or aspect, then you may become a victim of slander and disrepute; but if a natural benefic planet is situated in the 12th house or aspects it, then the situation will be much improved.

### Lord of 6th House

In your chart, the sixth-lord is situated in the Ascendant, which is called the house

of body (Tanu). If your Ascendant is Cancer, then the 6th-lord Jupiter will be exalted in the Ascendant; since Jupiter will be the 9th-lord too, you are likely to be a person of noble descent, will remain in good health, will be engaged in performing meritorious deeds and will be exceedingly fortunate. If your Ascendant is either Taurus or Scorpio, then the 6th-lord will be in own-sign while placed in Ascendant; then you will be happy as you will remain free from diseases, will not be troubled by enemies and will become successful in competitions or competitive examinations. If the Ascendant is Leo, then the 6th-lord will become the 7th-lord also; it may give you a quarrelsome nature and you may antagonize even your relatives -- unless a natural benefic planet is situated in the Ascendant or aspects it. If your Ascendant is Aries or Libra, your 6th-lord will be the 3rd-lord also; this will give you a changeful nature and make you fond of travelling. If your Ascendant is Gemini or Sagittarius, then the 6th-lord will act more as the 11th-lord; it will give you earnings and gains from various sources and you will remain surrounded by your relatives and friends. In other cases, the position won't be favourable as you may suffer from disease and be troubled by enemies.

### Lord of 7th House

In your chart, the seventh-lord is situated in the fifth house, which is called the house of merit (Purva-punya). As the 5th-house is the house of discretion and speculative investment while the 7th house is the house of trade and private business, if your 7th-lord is well-placed, then you will be tempted to taking risks and start a private venture of your own which is very likely to prosper if a natural benefic is well-placed in your chart. As the 5th is the house of love-affairs and the 7th is house of marriage, you are likely to fall in love very passionately and will have a deep desire to marry your loved one. If Jupiter is situated in or aspects either the 5th or the 7th house, then socially arranged marriage is more likely although the spouse might be self-chosen; whereas love-marriage is likely if only natural malefic planets influence both of these two houses. You will be fortunate if your Ascendant is Capricorn or Scorpio since the 7th-lord will be exalted in the 5th, your spouse will come from a wealthier family, will be a loving and considerate person and you will have worthy children. If the 7th-lord is well-placed or if Venus is either associated with or aspected by a natural benefic planet, you will be fortunate in respect of your spouse and if the 5th house is under benefic influences, then you will be fortunate in respect of having dutiful children.

### Lord of 8th House

In your chart, the eighth-lord is situated in the Ascendant, which is called the house of body (Tanu). If your Ascendant is either Aries or Libra, then your 8th-lord in such a position will act more as Ascendant-lord situated in own house in Ascendant. In such case, you will be fortunate in all your affairs in general and your longevity will be high. But, in all other cases, this situation is not good; if the 8th house is associated with or aspected by a natural malefic planet or if the 3rd-lord is stronger than the 8th-lord and Saturn is also not well-placed, then even longevity (in case of male) or marital well-being (in case of female) will demand careful consideration. Nevertheless, this position is almost a sure indicator of the possibility of becoming a victim of serious accidental mishap or some other untoward happening of serious sort. The position will be improved if a natural benefic planet is situated in or is

aspecting your Ascendant or in case if your Ascendant is Cancer since the 8th-lord will be the 7th-lord as well. But in addition if the Ascendant-lord is also in the 8th house, then a grave sort of tragic misfortune is feared.

### Lord of 9th House

In your chart, the ninth-lord is situated in the Ascendant, which is called the house of body (Tanu). As the 9th house indicates fortune, you will be exceedingly fortunate. If your Ascendant is Taurus as the 9th-lord will become the 10th-lord also and will shower material benefits throughout life. But if your Ascendant is Scorpio, then you may get just the opposite result since the 9th-lord will be debilitated. Your father may reside in a distant place or a foreign country; alternatively, his profession may have some connection with diplomatic service. You might have been born in a foreign country or a distant place or may go there in your early childhood, stay for a long duration and receive high education. If the Ascendant-lord or the 5th-lord or the 10th-lord is well-placed or if a natural benefic planet is situated in or aspect any of these houses, then you are sure to rise to a higher station in life. If your Ascendant is Scorpio or Pisces and if your Ascendant-lord is in the 5th, as the Ascendant-lord will be exalted, you will be religious-minded, lead a saintly life and will tour round the world many times over on a cultural or religious errand.

If the Sun or Mars is situated in the 10th, your name and fame will be widespread and you will receive state-honour. If Saturn or Rahu is in the 7th, then you will become renowned for your abstruse policies.

### Lord of 10th House

In your chart, the tenth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). If your Ascendant is Aquarius, then the 10th-lord will be exalted in the 12th and you will enjoy favourable results; you will be fortunate in respect of your younger co-borns and your father may earn his fortune in a foreign country. Your career may have some connection with jail/ custody houses, asylums, hospitals, footwear, bedding materials, prophylactics, etc or you might be engaged in investigative jobs. If Mercury is well-placed and if Jupiter or Mars aspects the 8th house or it's lord, then you may become an Astrologer. If your Ascendant is Taurus, then your 10th-lord will be debilitated in the 12th for which may make you unhappy as you may not be fortunate in respect of your profession. Since the 12th is the 3rd from the 10th, you may have a transferable job or may have a few job-changes -- more so if the 10th-lord is in a movable sign (Aries or Cancer or Libra or Capricorn); you may have to go to distant and inconvenient places and live there for long -- more so if a natural malefic planet is situated in the 12th or aspects it. This position is favourable if your job involves writing, editing, translation, etc -- more so if Mercury or the 3rd-lord is well-placed or if a natural benefic planet is situated in or aspects the 3rd-house.

### Lord of 11th House

In your chart, the eleventh-lord is situated in the Ascendant, which is called the house of body (Tanu). If your Ascendant is Aries, then the 11th-lord which is the 10th-lord also will be debilitated in the Ascendant; if the Ascendant-lord is not well-placed and if a natural benefic planet is neither situated in the Ascendant or in

the 11th or aspect either of these two, you may not be fortunate in respect of profession and earnings; besides, the 11th-lord Saturn being a natural malefic planet and an obstructor (badhaka) as well, it may give rise to some health-complications -- the head might be the most prone part of your body. Otherwise, the position is highly beneficial in respect of having earnings from profession in abundance and plenty. If the Ascendant-lord is in the 11th, then a highly auspicious 'Dhana Yoga' is generated which will make you immensely wealthy -- this will be more so if your Ascendant is Taurus or Cancer as the Ascendant-lord will be exalted in the 11th. You will be highly fortunate in respect of having a large circle of friends and acquaintances who will be ever-ready to assist you and you will be moving in high circles. If your Ascendant becomes Aries or Gemini or Leo or Libra or Capricorn or Pisces, then your 11th-lord will be a natural malefic planet; you will have excellent earnings but with fluctuations. But if your Ascendant is Taurus or Cancer or Virgo or Scorpio or Sagittarius or Aquarius, then your 11th-lord will be a natural benefic planet; then your earnings will be ever-increasing steadily and gradually.

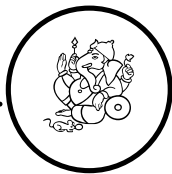

### Lord of 12th House

In your chart, the twelfth-lord is situated in the seventh house, which is called the house of spouse (Kalatra). If your Ascendant is Capricorn, then the 12th-lord will be exalted in the 7th; it will make you very happy and you may earn a fortune through foreign trade. If your Ascendant is Aquarius, then the 12th-lord will be the Ascendant-lord also; as it will aspect the Ascendant, it will ensure general prosperity and you might do well in business. If your Ascendant is Taurus or Scorpio, then the 12th-lord will be the 7th-lord also and in 7th in own-house, it will generate auspicious 'Pancha Maha-purusha Yoga'; you will be well-placed in life and will be highly fortunate in respect of your spouse. If your Ascendant is Leo, then you may not have happiness in marriage and your marriage-relations might oppose you -- unless Saturn is well-placed; it also indicates possibility of hospitalization for a long duration but you will receive best possible treatment. In other cases, this position is not very favourable since your spouse may become sickly or may live away from you; if a natural malefic planet is situated in your 7th or aspects it, then you may incur losses and may even lose your business; and if such a planet is situated in the 12th or aspects it, then you may have fruitless journeys to distant places. But if it is influenced by a natural benefic planet, you may have some improvement and earn your livelihood by serving private companies. As the 7th is the 3rd from the 5th while the 12th is the 8th from the 5th, one of your children may face untoward happening.

## Results for Planets in Houses

### Sun

Since the Sun is situated in your Ascendant, it will give you a proud disposition and a very frank, outspoken nature with generous instincts. You will be firm and independent, will be fond of publicity and display and will despise cliques and

coteries. You will be accompanied by high motives and will receive acclaim. You will be successful in your endeavours and people will treat you with due honour. You will be religiously inclined and will be fond of little children. You will be closely drawn to your father, will receive favours from your superiors/ authorities and gain benefits from government or political sources. If your Ascendant is Aries or Leo, then the Sun will be exalted or in own house and you will be very fortunate in respect of having worthy children; your first child would be a son who will be a source of pride to your family. If your Ascendant is Libra, then the Sun will be debilitated; you may suffer from some hereditary diseases, may get into difficulties with your superiors or government authorities and even face law-suits. If the Sun is with Rahu or Saturn or aspected by Saturn, you may even have the risk of losing your credibility.

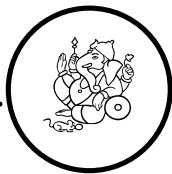

### Mercury

Since Mercury is situated in your Ascendant, it will give you a restless spirit and a ceaseless inquisitive mind. You will always remain on the alert for information in respect of new developments. You will have the gift of eloquence and possess a sense a humour and wit. You may have many journeys and might be engaged in some work which involves much writing; you may have a taste for literature of some sort. If Mercury is exalted or in own house, then you may become distinguished by the use of your pen; as your Ascendant will then be Gemini or Virgo, you will be more fortunate as for being in own house or exalted, it will give the beneficial results of 'Pancha Maha-purusha Yoga'; if your Ascendant is Pisces, then debilitated Mercury might create health-problems or nervous disorders and you may have to struggle a lot as your business may become slack or you may have to pick up odd jobs in small private organisations. If Jupiter is with it or aspects it, you will be intelligent, educated and learned. If Venus is with it, you will have artistic inclinations or acquire some special skills. If Rahu is with it, your thinking might be confused; but if Ketu is with it, you may have computer education or may have gains by dealing in small components.

### Venus

Since Venus is situated in your 12th house, you will be fortunate in respect of having a loving and caring spouse if the 7th-lord is also well-placed. If your Ascendant is Aries or Gemini or Scorpio, then you will enjoy beneficial results as Venus will be in own house or exalted; but if your Ascendant is Libra, then you may have a weak personality, although you will come to riches at around age 35-36 -- unless some modifying influences are present in your chart. If your Ascendant is Taurus or Gemini or Libra or Scorpio or Sagittarius or Pisces, then you will enjoy the benefits of 'Veepareeta Raja Yoga' as you will suddenly become rich in a spectacular way and you may win the appreciation from your friends and acquaintances. Although you may have secret enemies, you will be able to overcome and prevail over them. If a natural benefic planet is with it or aspects it, then you may be fond of horses and milch animals. If a natural malefic planet is with it or aspects it, then you may have secret love-affairs which might lead to jealousy of men and enmity of women. If Venus bears the influence of two or more natural malefic planets while no natural benefic planet is with it or aspects it, then you may prefer peaceful seclusion according to your own taste.

## Mars

Since Mars is situated in your Ascendant, it will give you a bold attitude and a free, independent nature. You may be somewhat proud or even haughty and fond of competition or strife. You will always be scorning defeat and will be reckless of danger. You may have cuts, burns, scalds or abrasions and may have a distinctive mark on your head or face. If the Ascendant-lord is exalted or in own house, you will be a very active person and have a practical outlook. If Mars is afflicted by the association or aspect of a natural malefic planet, then you might be vainglorious or argumentative. If your Ascendant is Aries or Scorpio or Capricorn, then you will be more fortunate as it will be in own house or exalted and you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; if your Ascendant is Cancer, then debilitated Mars would create health-problems and you may have set-backs in profession; but if the Moon is well-placed or if a natural benefic planet is with it or aspects it, then you would be well-placed in service. If the Moon is with it, then you will enjoy 'Chandra-Mangala Yoga' and will become very rich. If Rahu or Ketu is close to it, then you may have a violent temper and your married life might be like sailing through the stormy seas.

## Jupiter

Since Jupiter is situated in your 7th house, you will be highly fortunate as the best of the natural benefic planet will be aspecting the Ascendant, the 11th house and the 3rd house. You will be fortunate in respect of your younger co-borns and will have a devoted spouse who will be religious-minded. You will also be religious-minded and honest. Unless there are some afflictions in your chart, you will be long-lived and your married-life will be stable and happy. As Jupiter is the natural significator for children, you will have dutiful and worthy children. As it is the significator for wealth too, its aspect on the 11th indicates steady and uninterrupted growth of earnings from your profession which might be business. If your Ascendant is Gemini or Virgo, then you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; but if your Ascendant is Cancer, as Jupiter will be debilitated in the 7th, then you may incur losses in business, work in private organisations, have unhappiness in marriage and might even face legal problems. If your Ascendant is Leo, you may have high B.P. If Jupiter is with Mercury or aspects it, you will have interest in studying literature; if it is situated in the star of Rahu, then it will give unconventional outlook.

## Saturn

Since Saturn is situated in your 8th house, you may not be in good health and your married-life may not be very peaceful or happy unless Saturn is exalted or situated in his own house. If your Ascendant is Gemini or Cancer or Pisces, then you will be well-placed in life as you will enjoy the beneficial results of 'Veepareeta Raja Yoga'. Normally, this position gives good longevity unless another natural malefic planet is situated with it or aspects it. If the Sun is situated with it, then the physical or mental health and well-being of your father might cause you some concern. If the Sun is situated close to it, then you may suffer from diseases affecting your eyes and also due to obstruction of body's waste elimination system; there are also chances of having bone-breakage during sometime in your life. If Mars or Rahu is

with it or is placed in either the 6th house or the 7th house, then your married-life may not be happy or your spouse may not be long-lived; alternately, she/ he might opt for leaving you for ever and you may have to face a law-suit with her/ him. The position will however be improved if Venus or Mercury is situated with it or if Jupiter aspects it. If your Ascendant is Virgo, then you may receive injuries resulting from accidental fall and if Mercury is also not well-placed, then the part of body prone to sustain injuries might be your head or face.

### **Moon**

Since the Moon is situated in your 5th house, you will be very fortunate in many respects -- more so if the Moon is 'waxing' and if your Ascendant is Capricorn as the Moon will be exalted or if your Ascendant is Pisces as the Moon will be in own house; you may have a fertile imagination and artistic inclinations. If your Ascendant is Cancer, the Moon will be debilitated and if it obtains 'neecha-bhanga' (cancellation of debility), you will be fairly rich and well-placed in life; but, inspite of being financially well-off, you may not obtain very favourable results in certain respects -- unless Mars or Jupiter is well-placed. If Mercury is well-placed, you will have good education and may have some gains from speculative investments. If Jupiter or Venus is situated with the Moon or aspects it, then you will be fortunate in respect of your children; opposite will be the results if it is under the influence of natural malefic planets.

### **Rahu**

Since Rahu is situated in your 8th house, you may face serious problems from unexpected sources and if the 7th-lord or Venus is also not well-placed in your chart, then your married-life may not be very happy. The position will however be improved if Jupiter or Venus aspects it. If the Sun is situated with it, then the physical or mental health and well-being of your father might cause you some concern and your own state of health may not be very good. If the Moon is situated with it, you may suffer from wasting diseases during sometime in your life. If Mars or Saturn is with it or is placed in either the 6th house or the 7th house, then your married-life may not be happy or your spouse may not be long-lived; alternately, she/ he might opt for leaving you for ever and you may have to face a law-suit with her/ him. If Mars is situated with it or aspects it, you may have a dare-devil nature and if the 8th-lord is not well-placed in your chart, then you might receive accidental injuries from fire or weapons. If Mercury is situated with it or aspects it, then you may have much interest and gain some proficiency in mystic subjects like Astrology, Palmistry, etc. If Venus is situated fairly close to it, then your secret liaisons may soon become the talk-of-the-town.

### **Ketu**

Since Ketu is situated in your 2nd house, you may not be very fortunate in respect of your family-wealth -- unless the 2nd-lord is well-disposed. However, if Jupiter or Venus is with it or aspects it, then the situation will considerably improve while if a natural malefic planet influences it, then the situation will become only worse. Good results are expected if Ketu is situated in sign Scorpio; the results will be adverse when it is in sign Taurus or is together with Saturn in any sign other than Libra, Aquarius or Capricorn. If Ketu is with the 2nd-lord or if Mars is with the 2nd-lord or

aspects it, then if you are male, you may be a heavy smoker (if that is not prohibited in your community); besides, your teeth may start decaying early. If Mars is with it or aspects it, then you may have some fear from fire or intake of wrong medicine or poison.

Unless the 2nd-lord is well-placed, and if no natural benefic planet is with it or aspects it, this position is not favourable for having happiness in marriage; if a natural malefic planet is with it or (except Rahu any) aspects it while the 7th-lord is not well-placed, then the span of your married-life may come under doubt.

### Uranus

Since Uranus is situated in your 10th house, originality will be your marked feature and you may favour eccentric pursuits. You may have estrangement from your parents and kindred and might be in the habit of getting into difficulties with your superiors or employers for which you may have a checkered career. If you are in government service or in business, you may face opposition from public functionaries or government bodies and might be forced to have a change in occupation. Lure of speculative investment might also lead you astray or you may completely unnecessarily leave a stable job by being thoroughly occupied by the fanciful prospect of getting rich double-quick through business inspite of the fact that you may not have adequate competence or you may lack sufficient resources. However, if the 10th-lord is well-placed or if Jupiter or Venus is in the 10th or aspects it, the results will be considerably modified for the better. If your Ascendant is Virgo or Pisces, you may have two occupations simultaneously; while you might be in service somewhere, you may pursue an independent business as an agent, consultant or advisor.

### Neptune

Since Neptune is situated in your 11th house, you may have some strange and unaccountable attractions and alliances; your friends may have seductive appearances, your advisors might be unreliable, your spouse might be liable to moral delinquency and may create havoc in your friends' circle. Although you may not be directly responsible for the acts of commission or omission of your associates, these are almost sure to raise eye-brows of the curious onlookers and 'U-2' may soon become the talk-of-the-town. However, if the 11th-lord is well-placed or a natural benefic planet is situated with it or aspects it, then the situation will be considerably modified for the better. But if the 11th-lord is badly placed or more than one natural malefic planets are situated with it or aspect it, then the situation will considerably worsen and you may have to badly suffer as a result of treachery or deception caused by your spouse and/ or supposed friends; if Venus is also under the influence of natural malefic planets only, then your tragic 'history' might be making rounds in the locality as a spicy 'story' to be remembered, re-told and listened to many-a-times.

### Pluto

Since Pluto is situated in your 9th house, you may refuse to adhere to tradition and your interest in un-orthodox forms of religion might be aroused -- more so if Jupiter is not well-placed in your chart. If a natural malefic planet is situated with it or aspects it, then you may become an agnostic -- if not an atheist outright. If your

4th-lord is not well-placed, then you may have radical views and may actively take part in political and kindred affairs; you may even have to embrace exile at a young age owing to fear from your enemies in consequence of your own thoughtless actions or misdeeds. But the situation will be improved for the better if Jupiter or Venus is situated with it or aspects it. If Saturn and Mercury are well-placed in your chart, you may be an ardent globe-trotter or you may have connection with air travel or you may have great interest in meteorology and space explorations. If Mars is influencing, then you may have connection with radio-active substances or explosives; if Venus is influencing, then you may have some connection with radiations like X-Rays; if Mercury is influencing, then you might be known for your inflammatory speeches/ writings; if Rahu or Ketu is with Pluto, then you may have connection with acids, fumes, etc.
